The Master's Emblem

The Lord's Kingdom

Will Come To Earth.

The Master's will, each
instructible and watchful over
by a Master's Angel, or, in this
case, Demon. Each Master's
sides that each box reaches the
hands of a prospective candidate
for Hell. As the Box is solved,
it plays a short time that is
made longer the further the
solver progresses. As the fourth
piece is removed the Great Hell
begins to tell. When it's finally
solved, it opens the Master's
that the Master's can cross and
offer the solver their
pleasures.....

The Master's Emblem

Engineer

When the four engineers align
the gateway will open

The Box is a means to summon
us - Master's, Demons to some,
Angels to others. You solved the
Box. The came. Now you must
come with us. Master our pleasures.
We have such sights to show you.
We belong to you.... And you
belong to us. So treat please. It's
a waste of good suffering.

Will raise.....

The Will Car Your Soul Apart.....
